## Aquatec® Series Bath Lifts

Bathe comfortably and safely with the Aquatec series of bath lifts.

The Aquatec family of bath lifts offers safe lowering and smooth rising into and out of the bathtub. These lightweight lifts have the lowest minimum seat height in the industry. By offering several product variations, Aquatec has created a series of bath lifts which will fulfill many different needs.

## Aquatec® Series Bath Lifts

### Aquatec *F*

Model no. 1471198    AQUATEC F, Fixed Back Bath Lift - White

The Aquatec *F* bath lift has a high fixed backrest with integrated neck support and enables users to be safely lowered into and raised out of the bathtub. Aquatec's specially designed base plate allows for maximum space inside the bathtub.

### Features

- Stable, robust frame
- Reinforced lifting mechanism
- Can be used with or without cover materials
- Ergonomic floating hand control
- Lithium-ion rechargeable battery pack
- Lift function will not allow the lift to descend if there is not enough battery power present to raise the user
- Can be easily dismantled into two parts
- Self-releasing suction cups
- Foldable with just one hand

### Specifications
