- Low Seat to Floor Height

Mid-Wheel Drive Power Wheelchair

The Quickie® Xperience™ has stable maneuverability which revolutionizes the standards in power wheelchairs.

GC³ TECHNOLOGY™

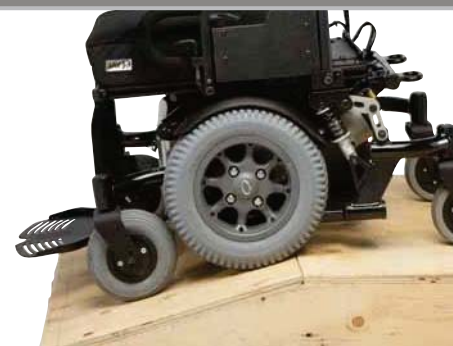

1. Gravity Control

Stability and traction without necessary adjustments to compensate for various body types relative to complex or dynamic seating.

2. Ground Compensation

While riding over uneven surfaces, the hard movements and vibrations are controlled and not absorbed by the seat or user.

3. Gravity compensation

The unique suspension will distribute the weight over the entire footprint and assure an anterior and posterior stability.
