

LXI/LX

Quickie's traditional folding chair with value pricing, a broad range of options, durable design and style.

Nothing Beats a Quickie™

Both Quickie® LX I and LX offer multiple features and options in lightweight manual folding wheelchair designs. These dependable, versatile chairs provide outstanding ease-of-use and performance at very affordable prices.

Compatibility:

- Several common parts to Quickie ultra lightweight folding family chairs
- Helps reduce inventories and interchange parts when necessary

New Angle Adjustable Backrest:

- Ensures that the pivot point of the backrest matches the pivot point of the spine
- Compliments Quickie's strong tradition of rehab focused chair options

Value Options Standard:

- 15 frame colors
- Swing-In/out hangers
- Camber-angle adjustable axle plate

NEW Options:

- Transit Option
- Mountain wheels
- Case Logic® side pockets
- Military service patches.
- Spinergy® wheels
- Camouflage frame colors
- Natural Fit® handrims
