

Poz In Form

Effective pressure sores prevention

Efficient positionning

Comfort and modularity

Micromax memory form microfiber

Thin microfiber with a memory form effect for slow release, optimal pressure distribution, amazing comfort and reduction of creep effects generally observed with other positionning solution such as micro-beads

Micropore breathing fabric + Pharmatex Silver cover

Bi-elastic to limit shearing forces,
Breathing to significantly reduce maceration,
Antibacterial, removable and washable for a perfectly controlled hygiene

DECUBITUS LATERAL POSITIONNING (Ref: 01/0930)

73" x 14"

Multi purpose, comfortably supports shoulders, back, hips and knees
- Reduce frictions and shearing effects

CLASSIC (Ref: 01/0902)

22" x 16"

- Help to hold patient in optimal position
- Knee flexion
- Moderate hip abduction positionning

HALF-MOON (Ref: 01/0920)

80" x 12"

- Supports and holds the back while used in the bed
- Can also be used to comfortably position the back in a (wheel)chair

HEEL CUSHION (Ref: 01/0970)

33" x 10"

- Pressure on the heels completely discharged
- Hold ankles in proper position
- Adjustable strap to fix the cushion to the bed

OCCIPITAL CUSHION (Ref: 01/0990)

20" x 16" x 3"1/2

- Combination of memory foam and microfiber
- Stabilize positionning
- Reduce pressure on the occipital area
