# LECKEY<sup>o</sup>

Stronger together.

We work with individuals, therapists and carers to design products with both a clinical and an emotional focus. Using the latest research and clinical understanding, we create practical solutions which are easily integrated into family life, because for us, life is about going, enjoying, participating and doing.

LAB/1/C Head support

Bath Support

## Advance Bath Chair

The Advance Bath Chair is available in 4 sizes for infants through to young adults. The product provides the user with appropriate levels of postural support ensuring they are safe and secure at all times during bathing.

The simple and easy to use adjustments mean that the product can be set up in a variety of positions in seconds depending on the user's postural requirements.

The height adjustable legs mean that the product can be set up at the appropriate height for the parent or carer to reduce the risk of back strain or injury.

## Bath Support

The Bath Support, available in 2 sizes for children aged 1-9 years of age, complements the Advance Bath Chair, providing support for the less involved child.

The bath support easily folds flat for storage & transportation.

## Shower Trolley

With the addition of the adjustable Shower Trolley, the Advance Bath Chair can be converted in seconds to a versatile shower chair.

Manufactured from medical grade stainless steel, the robust frame and high quality lockable castors ensure the trolley can be easily and safely manoeuvred over wet and slippery floors.

# Toilet Seat

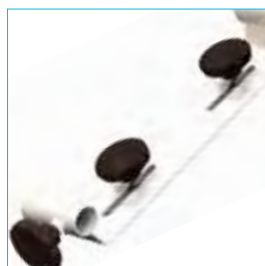

## Accessories

**LTS/#/C** Depth adjustable tray

**LAB/1/A** Chest belt with laterals

**OTS/#/A** Mounting bracket

## Toilet Seat

The Toilet Seat comes in three sizes to suit the needs of a wide age range of children and adults.

It can be used as a:  
Freestanding Commode;  
Shower Chair;  
Over Toilet Seat.

The Toilet Seat is extremely versatile offering both toileting and shower options. As with our Bathing Range, we set out to develop products using the highest quality materials, delivering designs which are hygienic, safe and durable.

The padded backrest can be set to three different positions to reduce or increase the seat depth to ensure the user has a stable base of support.

The Toilet Seat is made from high performance wipe clean polymers which are pre-treated with a non-toxic, anti-fungal and anti-bacterial agent.

## Over Toilet Seat

The Toilet Seat can be easily mounted onto any standard toilet when fitted with the over-toilet mounting bracket.

The seat can be simply removed from the standard toilet, as and when required.

## Leckey Servicing

Our FREE service and support includes:

- Free product training
- Free product set up
- Free product assessment
- Free product re-assessment
- Free repair within 2 year warranty

For service policies on all products outside warranty, please contact Leckey's Customer Service department. James Leckey Design Ltd as manufacturer with sole responsibility declares that all products conform to 93/42/EEC guidelines and EN12182 technical aids for disabled persons general requirements and test methods. Order forms and spare parts lists to extend the service life of the product and allow reissue are available on request or online at [www.leckey.com](http://www.leckey.com).

Established in 1983, Leckey is a globally recognised pioneer in the research and development of products that help adults and children with disabilities to go, do, enjoy and participate in everyday activities throughout the day and night.

We take a highly clinical approach to product design and development. Through in-depth clinical research studies with leading universities, and extensive trials with occupational therapists, physiotherapists, users and their families, we continue to develop posturally supportive, family friendly products for all day care, at every stage of life.

Through early intervention, childhood and adulthood Leckey's experienced team of designers, therapists and bioengineers work together to develop products that meet the clinical needs of the healthcare professionals and the social needs of the user.

To achieve this, we work with the healthcare professionals, the individuals and carers who use our products everyday. With their help, we create the dependable, durable, proven and high performance products that we are known for worldwide.
