Recommended Rollator:

- All models that can be fitted with Slow-Down Brakes: Symphony, Legacy, Maxi+, Alpha, Jazz

Dolomite® Jazz Rollator

Model no. 12140-46-746

Dolomite Jazz Rollator

Basket, anatomical grips, curb climbers and backrest standard.

Model no. 12140-46-746 JAZZ Standard

Model no. 12142-46-746 JAZZ Low

Colour: Charcoal Grey

The Dolomite Jazz cross-folding rollator is the new generation rollator that goes all the way. A stylish design with smart functions and carefully thought-out, well designed components make the Dolomite Jazz a winner. With improved adjustment and ergonomics of the Jazz, combined with the built-in brake system, the Dolomite Jazz has many great features that make this product unique.

Features

- Spacious and collapsible basket made of durable material that can be folded with rollator
- Simple, balanced folding with the help of the seat strap
- Frame locking device - Keeps the frame locked together and allows rollator to stand in its folded position
- Soft seat, left and right side integrated curb climbers
- Integrated braking cable
- Adaptable to individual needs with two different heights and precise handle adjustment
- Welded aluminum frame that is stable and steady throughout its service life

Dolomite® Soprano Rollator

Dolomite Soprano Rollator

Basket and back support standard.

Model no. 12030-44-86 SOPRANO Standard
Colour: Champagne

The Dolomite Soprano is a heavy-duty walker with large 10" wheels, providing excellent performance on rough, uneven ground, making it ideal for active outdoor users. With a cable-free braking system, a wide, sturdy frame and reinforced seat, the Dolomite Soprano allows for an increased weight capacity of 355 lbs.

Features

- Cable-free braking system
- Frame – Sturdy heavy-duty frame provides excellent stability
- Adjustable handles – Infinite adjustments to the required height and adjustable inward angle up to a maximum of 15°
- Hand grips – Gently wedge-shaped hand grips provide a comfortable hand position for all hand sizes
- Flip-up seat – Extra large seat flips up for greater reach access
- Folding – Stands when folded for easy storage and transport
- 10" wheels – Large solid wheels provide excellent friction and a comfortable ride

Model no. 12230-02-35-87 ALPHA Basic with platform attachment
Model no. 12220-02-35-87 ALPHA Advanced with platform attachment

Colour: Navy Blue

The Dolomite Alpha is a special rollator designed specifically for users who deal with the added complexity of walking with arthritic or stroke conditions. The unique, adjustable forearm supports and the braking system allows for maximum stability with minimum braking effort.

Features

- Frame construction maximizes stability and encourages proper posture and balance
- Forearm supports adjustments in angle, width and depth
- Individually adaptable hand grip can be adjusted in height and angle
- Unique brake grip is extremely easy to use and accommodates limited hand dexterity
- Flip-up seat for greater reach access and gait training
- Dolomite Advanced Brake System (DABS II)

Specifications

Dolomite® Rollators

Dolomite Rollator Warranty

All Dolomite Rollator frames have a lifetime warranty. Brake Handle and Housings are covered for a period of five years and parts for a period of one year.

Yes, you can.®

Dolomite® Rollator Accessories

Rollator Accessories

An extensive selection of unique, functional accessories to meet many different needs.

Padded Back Support

Made of soft velvet, for more comfort when seated.

Model no. 12514

Padded Seat Cushion

Foam cushion with washable cover is easy to attach to the rollator seat.

Model no. 12518

Cane Holder

Easy to install and operate, is suitable for any single point cane and can be mounted on the front or rear of any of the rollators.

Model no. 12606 or 1512912 (Jazz)

Oxygen Tank Holder

To meet respiratory equipment needs, this durable holder is suitable for "D" aluminum tank. (Not available on Super Low models)

Model no. 12682-25

Bag for Basket

The water-resistant, zippered bag attaches easily to the basket – extra security for personal belongings.

Model no. 12523

Food and Beverage Tray

Ideal for in-home use, this affordable and easy-to-clean tray simply attaches to the rollator seat.

Model no. 70311 or 1452301 (Jazz)

Alpha Platform

Soft, comfortable platform attachment is ideal for increased support and gait training.

Model no. 13018

Jazz Basket Cover

Used to hide and protect belongings, the cover is water-resistant and attaches over the existing basket hooks.

Model no. 1524818

Dolomite® Rollator Accessories

Slow Down Brake

Unique design allows user to control speed for increased safety and gait training without wearing on the wheel. Ideal for Parkinson's or where cognition is an issue.
Model no. 13041-21

Hemiplegic (HP) Handle

The foam handle can be angled to suit individual needs to promote a safe grip on the weak side. Brake handle can be rotated for comfort. Can be mounted on right or left.
Model no. 12611-L-60, 12611-R-60

Anatomical Handles

The larger handle surface reduces fatigue through improved weight distribution and prevents pain and numbness in the hands through increased circulation. Ideal for users with arthritis.
Model no. 12509

One-Hand Brake

If hand function is impaired on one side, the one hand brake allows for braking or locking of both brakes from the user's strong side. Ideal for arthritic or stroke clients.
Model no. 12505-L, 12505-R

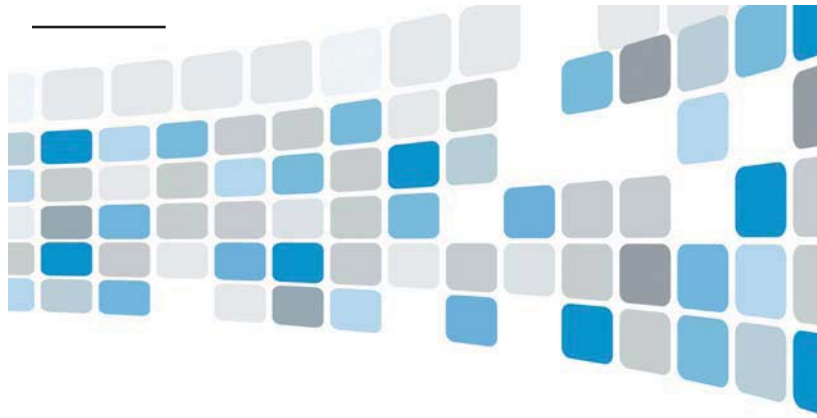

Tall Handles

These chrome-plated handles with durable foam grips improve rollator fit and comfort giving extra handle height for those who need it.
Model no. 12621
