STANDARD

For a different
perspective !

prodije

Since 1997

It Grows

The ProdiJe Stander design offers more support for the user. All side supports are made to measure according to the anthropometric data provided. The user can grow up to 5 inches while retaining maximum comfort.

It Reclines

An electric cylinder allows for a smooth safe effortless movement.

It's Adaptable

PRONE

The unique aluminium frame concept allows for either a prone or a supine positioning depending on the needs of the user.

SUPINE

The Prodije Stander is a high quality product resistant and appealing. A refurbishment is possible at an affordable price. Please contact an authorized distributor for more information.

The swivel mechanism located above the knees facilitates stander accessibility.

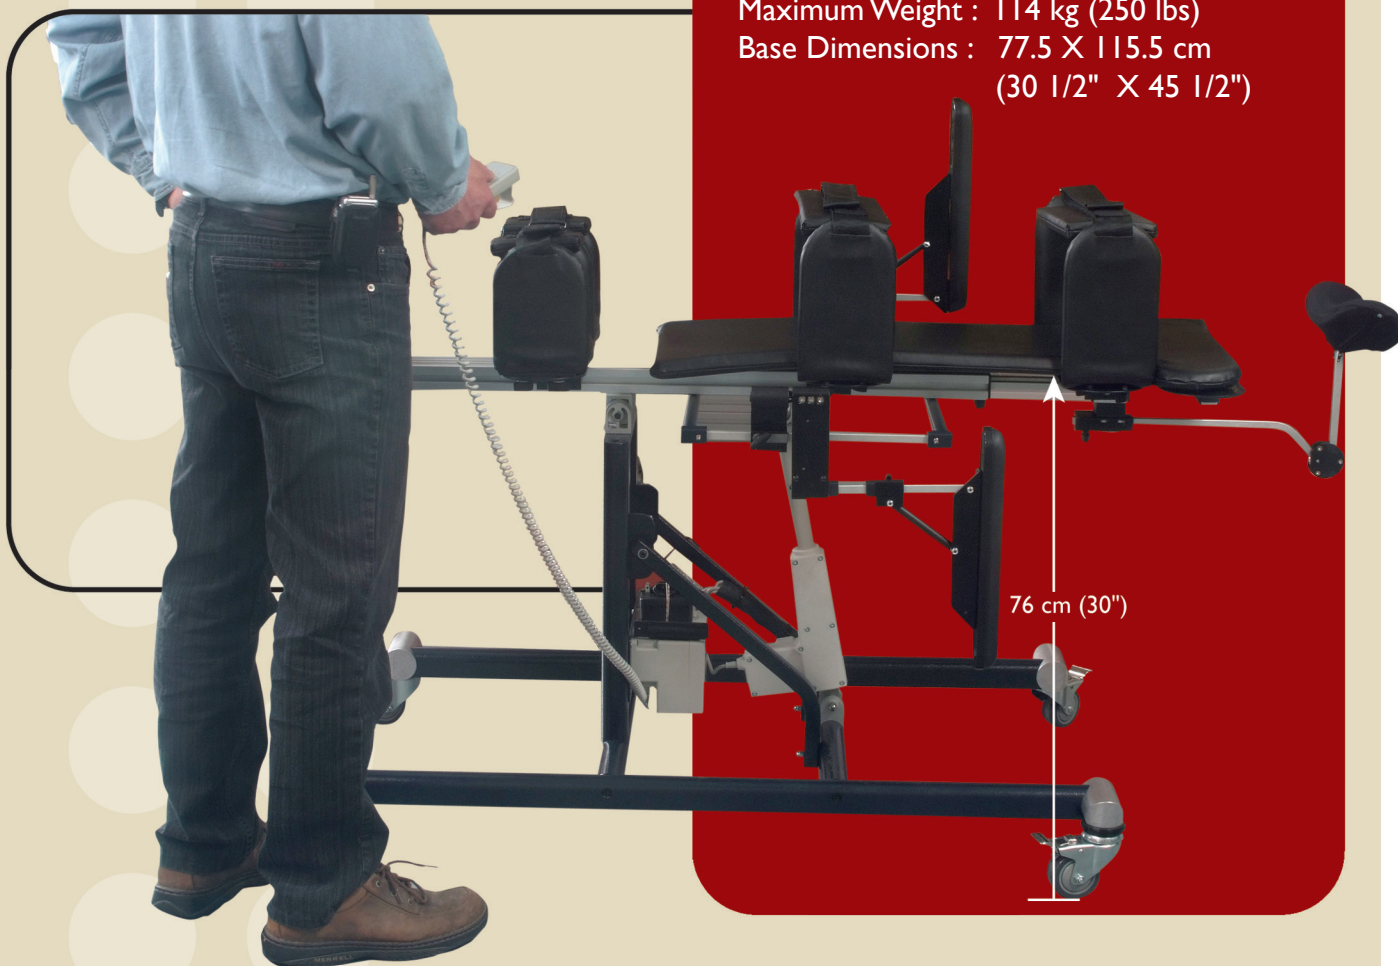

Elite Stander
