

Manual Wheelchairs

Future Mobility Healthcare manufactures and markets products that increase the freedom and safety of mobility challenged individuals. Renown for quality and service, we bring innovation to all of our mobility products for the home healthcare market.

Northern Lite is a lightweight, compact folding chair that is easy to adjust for optimal performance and functionality. The chair's center of gravity can be adjusted in $\frac{1}{4}$ " increments horizontally and the axle plate location can be adjusted vertically. In addition Northern Lite comes standard with removable, height adjustable T-style armrests.
