

Siena

For Straight Stairs

Compact and easy to use, the Siena 600 is a great fit for your straight stairs. The slimline rail and fold-away chair make the best use of available space, and leave enough room for others to use the staircase.

Installed in just a couple of hours, the Siena 600 makes it easier and safer to get up and down stairs, saving you the trouble and expense of moving to a new home. It's just the lift you need!

Stannah

The Stairlift People

Upholstery

Comfortable, waterproof upholstery, available in six colors.

Chair width options

Standard model is 19½" between the armrests.
Slim model is 16" between the armrests.

Easy-to-use controls

The slimline control allows you to use any part of the hand to operate the stairlift.

Swivel levers

Use the levers, or optional one or two-way powered swivel, to get off your stairlift in the safest position at the top or bottom of your stairs.

Adjustable seat height

Ensures that your stairlift is comfortable and tailored to fit your needs.

Key Lock

The key lock prevents unauthorized use.

On/Off switch

Conveniently placed On/Off switch prevents chair from moving unexpectedly.

Seat belt

Mounted on the armrest so it is easy to reach; fastens and unfastens easily with one hand.

Easy folding

Armrest, seat and footrest fold neatly when not in use. The footrest folds up automatically as the seat is raised, eliminating the need to bend over.

Safety sensors

Detects any obstruction on the stairs and brings the Siena to a safe and immediate stop.

Isolation switch

The isolation switch preserves battery life during vacations and power outages.

Model shown: Siena chair with Tan upholstery.
Other colors available - see over.

Designed to be safe, comfortable and easy to use, the Siena 600 stairlift makes it easy to travel up and down your stairs, saving the trouble and cost of moving to an unfamiliar home.
