

XCEL

HD MID-WHEEL DRIVE

The New Heavy Duty Mid-wheel Power Wheelchair

offers a standard weight capacity of 550 lbs. The new Mid-wheel Heavy Duty features an Advance Geometric Design (A.G.D) which helps enhance the stability, mobility and comfort for the end user. As part of the Quickie X family of Canadian-made wheelchairs, the Xcel benefits through it's GC3 technology; Gravity Compensation, Ground Compensation and the Gravity Control without compromise on stability, control and freedom.

Mid-wheel Drive Featuring:

- GC3 Techonology
- Short Turning Radius
- PG Drives Technology
- Fully Adjustable Rehab Seat
- Low Seat to Floor Height

MADE IN CANADA 

Heavy Duty Mid-Wheel Drive Power Wheelchair

The Quickie® Xcel™ promise: Improving People's Lives. Unsurpassed quality that provides the bariatric user to better access of their environment.

GC³ TECHNOLOGY™

1. Gravity Control

Stability and traction without necessary adjustments to compensate for various body types relative to complex or dynamic seating.

2. Ground Compensation

While riding over uneven surfaces, the hard movements and vibrations are controlled and not absorbed by the seat or user.

3. Gravity compensation

The unique suspension will distribute the weight over the entire footprint and assure an anterior and posterior stability.

SEATING

Bariatric Fully Adjustable Rehab Seat

- Width adjustable 20" to 28"
- Depth adjustable 17" to 24"
- Back angle 84° to 120° every 6°
- HD power Tilt 45°
